Subject: FW: Comprehensive sampling Northrop-Grumman/Navy
Attachments: Coordinates for EPA 071114.xlsx

Steve:

Here is what we have in our database. There is a column added that provides the source of the coordinates; some coordinates are in lat long and others in state plane (that is how we store our data) depending on the data source. At the end of the file are the VPBs we have surveyed so far (137, 138, 139, 142, 144, and 148, along with associated wells).

Regards,
Brian
